SUBJECT INDEX TO VOLUME 65

ABNORMALITIES, hands and arms, Congenital,—phocomelus and congenital absence of radius, 475; Congenital umbilical hernia, 593
Acetyl-beta-methyl choline chloride, Treatment of thrombophlebitis, with, iontophoresis, 100
Adrenals, Surgical treatment of hypertension, ed. 113; Pituitary basophilism, review of 42 verified cases with report of personal case, 644
American College of Surgeons—
Clinical Congress, Preliminary program for 1937, in Chicago, 129; 263; 403; 558
Amyl nitrite, Fragmentation and expulsion of common duct stone into duodenum by using ether and, 695
Analgesia, anesthesia and newborn infant, 23
Anemia, pernicious, Carcinoma of colon, treatment depending on location of lesion, 505, cor. 717
Anesthesia, Analgesia, and newborn infant, 23; Pontocaine spinal, in urology, 389; Blood volume changes during surgical procedures, 741; Carcinoma of colon, treatment depending on location of lesion, 505, cor. 717
Ankle joint, Early weight bearing in fracture dislocation of, 379
Anomalies, harelip, Problems of unilateral, repair, 348
Anus, Pathogenesis of anal fissure and implications as to treatment, 672
Appendectomy, Muscle-splitting or grid-iron incision for, historical note, 715
Appendix, Acute appendicitis with peritonitis, treatment and mortality, 68; Some surgical aspects of tuberculous disease of abdominal lymphatic glands, 771; Ileocecal lymphadenitis in children, 798
Ascites, Enterectomy in surgical treatment of hepatic cirrhosis or portal obstruction with, 331
Asphyxia neonatorum, Initiation of respiration in, clinical and experimental study incorporating fetal blood analyses, 601

BACK, Low, pain and sciatica, its etiology, diagnosis, and treatment, 195
Barbitals, Hepatic lesions of newborn, 748
Basophils, Pituitary basophilism, review of 42 verified cases, with report of personal case, 644
Biliary tract, Technique of immediate cholangiography, 217; Lipiodol visualization of, in lesions with jaundice, 220; "Acute cholecystitis"—why delay, ed. 550; Operative cholangiography, 702
Bladder, Spindle cell, sarcoma, 366; Pontocaine spinal anesthesia in urology, 389; Transvesical closure of vesicovaginal fistulas, employment of Young technique for inaccessible vesicovaginal fistulas, 534
Blood, circulation, Advantages of gradual decompression following complete common duct obstruction, 11; Further study of, iodine changes in affections of gall bladder, 180; Initiation of respiration in asphyxia neonatorum, clinical and experimental study incorporating fetal, analyses, 601
Blood groups, Experiences of blood transfusion team, 545
Blood pressure, Surgical treatment of hypertension, ed. 113; in skin capillaries and surgical shock, 453; Neosynephrin hydrochloride in treatment of hypotension and shock from trauma or hemorrhage, 458; Hemorrhage into pleural cavity, 485
Blood transfusion team, Experiences of, 545
Blood vessels, Treatment of thrombophlebitis, with acetyl-beta-methyl choline chloride iontophoresis, 100; Effect of thrombophlebitis on venous valve, 310; Enterectomy in surgical treatment of hepatic cirrhosis or portal obstruction with ascites, 331; Blood pressure in skin capillaries and surgical shock, 453
Blood volume, changes during surgical procedures, 741
Bone, tumors of, Pregnancy complicating, 145; parallel, growth, Fractures in children, 464; Pituitary basophilism, review of 42 verified cases, with report of personal case, 644; Primary point of infection in tuberculosis of hip joint, 721; Acute osteomyelitis of upper end of femur, 753
Bone cysts, Hemorrhagic or traumatic cysts of mandible, 640
Brain, tumors of, Radical versus more conservative attitude in treatment of, ed. 253
Branchial cleft, Dermoid cysts of head and neck, 48
Breast, Cancer of, ed. 115; Carcinoma of, 370; Cancer of, 788; Greenough technique of radical mastectomy, 807

CANCER, of breast, ed. 115; survey, Spindle cell bladder sarcoma, 366; Tabulation of cures at Memorial Hospital (New York), Five year end-results in treatment of, of tongue, lip and cheek, 793
Catgut, Disruption of abdominal wounds, report of 22 cases, 16
Catharsis, Empiricism in medicine, ed. 393
Cecum, Ileocecal lymphadenitis in children, 798
Cellulitis, of neck requiring tracheotomy, 536
Cheek, Five year end-results in treatment of cancer of tongue, lip, and, 793
Children, Fractures in, 464; Ileocecal lymphadenitis in, 798
Cholangiography, Technique of immediate, 217; Operative, 702
Chordoma, 40
Cleveland, Clement, 257
Coccyx, Chordoma, 40
Colon, Resection of right half of, 92; Carcinoma of, treatment depending on location of lesion, 505, cor. 717; Radical operation for cancer of rectum with preservation of sphincter muscle, 528
Common duct, Advantages of gradual decompression following complete, obstruction, 11; Technique of immediate cholangiography, 217; Fragmentation and expulsion of, stone into duodenum by using ether and amyl nitrite, 695
Congress of Urology, Buenos Aires, cor. 717
Consultants, Viewpoints relative to abdominal surgery, gynecology, and obstetrics, ed. 252
Corium, Recurring myxomatous, cutaneous cysts of fingers and toes, 289
Corpus luteum, Cystic changes in endometrium, 666
Cowper's gland, Primary carcinoma of, 238
Cranium, Chordoma, 40
Curettage, Uterine, as aid in diagnosis of ectopic pregnancy, 820
Cysts, dermoid, Epidermoid carcinoma in cystic teratoma of ovary, 340

DARTMOUTH Medical School, 845
Diagnosis, with peritoneoscope, Peritoneoscopy, 623, 843; Uterine curettage as aid in, of ectopic pregnancy, 820
Disease, Osgood-Schlatter, Study of, 55
Drainage, Packing gauze, after pneumonectomy, 178

Drugs, in obstetrics, Initiation of respiration in asphyxia neonatorum, clinical and experimental study incorporating fetal blood analyses, 601
Duct, Stenson's, Repair of traumatic fistulas of, 355
Duodenum, Experimental duodenal ulcer, 159; Lipiodol visualization of bile tracts in lesions with jaundice, 220; Gastro-intestinal hemorrhage, ed. 551; Resection of head of pancreas and, for carcinoma—pancreatoduodenectomy, 681; Fragmentation and expulsion of common duct stone into, by using ether and amyl nitrite, 695

EARLY American Medical School, Dartmouth Medical School, 845
Economic factor in thyroid disease, Justification for stage surgery in toxic thyroid disease, ed. 841
Education, interne, Acute appendicitis with peritonitis, treatment and mortality, 68
Elliott treatment, as an adjunct to operation in sigmoidal diverticulitis, 249
Empiricism, in medicine, ed. 393
Endocrines, background of toxemias of late pregnancy, 480
Endometrium, Cystic changes in, 666
Enteritis, Regional, 1
Enterostomy, Passing of, ed. 394
Epinephrine, Surgical treatment of hypertension, ed. 113
Epiphysis, Fractures in children, 464
Esophagus, Total gastric resection, experimental study, 540
Ether, Fragmentation and expulsion of a common duct stone into duodenum by using, and amyl nitrite, 695
Ettore, Some observations on orthopedic surgery in Europe, cor. 717
Eye, Roentgen therapy in epitheliomas of maxillary sinus, 657

FALLOPIAN tubes, Skin hyperesthesia in acute salpingitis, 321; Peritoneoscopy, 623, 843
Famous autographs, ed. 256; William Eustis, 260; Dr. Charles McBurney, Muscle-splitting or grid-iron incision for appendectomy, historical note, op. 715
Famous portraits, John Hunter, 1728–1793, op. 145; Works of art in medicine and surgery, ed. 256
Faldini, Some observations on orthopedic surgery in Europe, cor. 717
Farr, Robert Emmett, 396
Fascia, New suture for tendon and, repair, 700
Feet, Localization and removal of foreign (metallic) bodies, 698
Femur, Pregnancy complicating bone tumors, 145; Fractures of neck of, ed. 711; Some observations on orthopedic surgery in Europe, cor. 717; Primary point of infection in tuberculosis of hip joint, 721; Acute osteomyelitis of upper end of, 753
Fibula, Bumper and fender fractures, 690
Fingers, Recurring myxomatous, cutaneous cysts of, and toes, 289; Pedicle flap patterns for hand reconstruction, 523
Fistula, vesicovaginal, Transvesical closure of, employment of Young technique for inaccessible, 534
Foot, Thomas G. Morton and Morton's metatarsalgia, 398; Bumper and fender fractures, 690
Forearm, Fractures of both bones of, method of fixation, 90; Congenital abnormalities—phocomelus and congenital absence of radius, 475
Foreign bodies, Localization and removal of, 698
Fractures, Additional advantages of Hawley table, 228; Hanging cast in treatment of, of humerus, 231; Early weight bearing in, dislocation of ankle joint, 379; in children, 464; Bumper and fender, 690; of neck of femur, ed. 711; Double pulley traction in treatment of humeral shaft, 812
Freeman, Leonard, 554

GALL bladder, Treatment of acute cholecystic disease, 79; Simple and effective method for closure of biliary fistulas, 88; Further study of blood iodine changes in affections of, 180; Technique of immediate cholangiography, 217; Lipiodol visualization of bile tracts in lesions with jaundice, 220; "Acute cholecystitis"—why delay, ed. 550; Fragmentation and expulsion of common duct stone into duodenum by using ether and amyl nitrite, 695; Operative cholangiography, 702
Ganglia, lumbar sympathetic, Muscle-splitting extraperitoneal lumbar ganglionectomy, 107
Gastroscopy, Gastroscopic observations of postoperative stomach, 447
Gauze drainage, Packing, after pneumonectomy, 178
Gliomas, Radical versus more conservative attitude in treatment of brain tumors, ed. 253
Greenough, Robert B., Cancer of breast, 788
Gynecology, Viewpoints relative to abdominal surgery, and obstetrics, ed. 252; Skin hyperesthesia in acute salpingitis, 321

HAND, reconstruction of, Pedicle flap patterns for, 523; Localization and removal of foreign (metallic) bodies, 698
Hanging cast, in treatment of fractures of humerus, 231
Harelip, Problems of unilateral, repair, 348
Harrison, Archibald Cunningham, 118
Hawley table, Additional advantages of, 228
Head, Dermoid cysts of, and neck, 48
Hemorrhage, Neo-synephrin hydrochloride in treatment of hypotension and shock from trauma or, 458; into the pleural cavity, 485; Accidents in renal surgery, 515
Hemostasis, in thyroidectomy, 73
Hernia, Congenital umbilical, 593
Hip, Acute osteomyelitis of upper end of femur, 753
Hip joint, Primary point of infection in tuberculosis of, 721
Hirsutism, Pituitary basophilism, review of 42 verified cases, with report of personal case, 644
Humerus, Hanging cast in treatment of fractures of, 231; Double pulley traction in treatment of humeral shaft fractures, 812
Hypertension, Surgical treatment of, ed. 113
Hypotension, Neo-synephrin hydrochloride in treatment of, and shock from trauma or hemorrhage, 458

ILEUM, Regional enteritis, 1; Resection of right half of colon, 92; Ileocecal lymphadenitis in children, 798
Ileus, Passing of enterostomies, ed. 394
Ilium, Pregnancy complicating bone tumors, 145; Primary point of infection in tuberculosis of hip joint, 721
Incision, Voelcker's, Radical operation for cancer of rectum with preservation of sphincter muscle, 528; Muscle-splitting or grid-iron, for appendectomy, historical note, 715; Halsted, Cancer of breast, 788
Instruments and apparatus, common duct decompression apparatus, Advantages of gradual decompression following complete common duct obstruction, 11; Hawley table, Additional advantages of, 228; Hanging cast, in treatment of fractures of humerus, 231; stone intestinal clamp, Method of intestinal anastomosis with new clamp, 383; Rehfus tube, Cellulitis of neck requiring tracheotomy, 536; peritoneoscope and accessories, Peritoneoscopy, 623, 843; empyema tube, Treatment of acute empyema, 685; continuous

suction irrigation system of closed drainage, Treatment of acute empyema, 685; Willis forceps to remove foreign bodies, Localization and removal of foreign (metallic) bodies, 698; Mirizzi for cholangiography, Operative cholangiography, 702; Double pulley traction, in treatment of humeral shaft fractures, 812
Intestines, Regional enteritis, 1; Resection of right half of colon, 92; Carcinoma of jejunum, 303; Method of intestinal anastomosis with new clamp, 383; Passing of enterostomies, ed. 394; Gastroscopic observations of postoperative stomach, 447; Subtotal gastric resection for peptic ulcer, 489; Carcinoma of colon, treatment dependint on location of lesion, 505, cor. 717; Total gastric resection, experimental study, 540; Gastrointestinal hemorrhage, ed. 551; Some surgical aspects of tuberculous disease of abdominal lymphatic glands, 771
Iodine, Further study of blood iodine changes in affections of gall bladder, 180
Iodine therapy, Two stage lobectomy in poor risk patient with thyrotoxicosis, 385
Iontophoresis, Treatment of thrombophlebitis, with acetyl-beta-methyl choline chloride, 100
Ischium, Primary point of infection in tuberculosis of hip joint, 721

JAUNDICE, Lipiodol visualization of bile tracts in lesions with, 220
Jaw, Hemorrhagic or traumatic cysts of mandible, 640
Jejunum, Carcinoma of, 303; Posterior gastrojejunostomy, unusual error in technique, 824

Keloids, following laparotomy, 376
Kidney, Surgical treatment of hypertension, ed. 113; Effect of surgical drainage on, declared functionless by present tests of renal function, 188; Pontocaine spinal anesthesia in urology, 389; Some aspects of malignant tumors of, 433; Accidents in renal surgery, 515; Nephrectomy versus conservative operation in presence of unilateral calculous disease of upper urinary tract, 829
Knee, Study of Osgood-Schlatter disease, 55; Bumper and fender fractures, 690

LABOR, Analgesia, anesthesia and newborn infant, 23
Landmarks in surgery, Trousseau and thoracentesis, 123; Thomas G. Morton and Morton's metatarsalgia, 398; Muscle-splitting or grid-iron incision for appendectomy, historical note, 715
Laparotomy, Keloids following, 376
Larynx, Cellulitis of neck requiring tracheotomy, 536
Lip, Dermoid cysts of head and neck, 48; Problems of unilateral harelip repair, 348; Five year end-results in treatment of cancer of tongue, and cheek, 793
Lipiodol, visualization of bile tracts in lesions with jaundice, 220
Liver, Enterectomy in surgical treatment of hepatic cirrhosis or portal obstruction with ascites, 331; "Acute cholecystitis"—why delay, ed. 550; Peritoneoscopy, 623, 843; Hepatic lesions of newborn, 748
Liver cells, Advantages of gradual decompression following complete common duct obstruction, 11
Liver deaths, Further study of blood iodine changes in affections of gall bladder, 180
Lung, Packing gauze drainage after pneumonectomy, 178; Thoracoplasty within the sanatorium, 357; Treatment of acute empyema, 685
Lymph glands, Some surgical aspects of tuberculous disease of abdominal, 771; of abdomen, Ileocecal lymphadenitis in children, 798

MANDIBLE, Hemorrhagic or traumatic cysts of, 640
Mastectomy, Greenough technique of radical, 807
Master Surgeon of America, Archibald Cunningham Harrison, 118; Clement Cleveland, 257; Robert Emmett Farr, 396; Leonard Freeman, 554
Maxillary sinus, Roentgentherapy in epitheliomas of the, 657
McBurney, Charles, Muscle-splitting or grid-iron incision for appendectomy, historical note, 715
Medicine, Empiricism in, ed. 393
Menstruation, Pseudomenstruation in human female, 30; Cystic changes in endometrium, 666
Metatarsalgia, Thomas G. Morton and Morton's metatarsalgia, 398
Method, Exalto, Mann Williamson, Experimental duodenal ulcer, 159; Homans', Repair of traumatic fistulas of Stenson's duct, 355; Goetze, Radical operation for cancer of rectum with preservation of sphincter muscle, 528; tunnel, method for correction of uterine retroversion, 679; Heyd thyroid exposure, Simplified procedure for thyroid exposure, 688; Greenough, technique of radical mastectomy, 807
Morton, Thomas G., and Morton's metatarsalgia, 398
Mouth, Dermoid cysts of head and neck, 48
Moynihan Memorial Fund, cor. 262
Muscle, sphincter, Radical operation for cancer of rectum with preservation of, 528

NASOPHARYNX, Chordoma, 40
Neck, Dermoid cysts of head and, 48; Cellulitis of, requiring tracheotomy, 536
Neocaine, Carcinoma of colon, treatment depending on location of lesion, 505, cor. 717
Neo-synephrin hydrochloride, in treatment of hypotension and shock from trauma or hemorrhage, 458
Nephrolithiasis, Nephrectomy versus conservative operation in unilateral calculous disease of upper urinary tract, 829
Nerves, superior laryngeal, Development of technique of thyroidectomy, presentation of method used in University Hospital, 495
Nervous system, sympathetic, Muscle-splitting extraperitoneal lumbar ganglionectomy, 107
Newborn, Analgesia, anesthesia and, infant, 23; Hepatic lesions of, 748
Nose, Dermoid cysts of head and neck, 48
Notochord, Chordoma, 40

OBESITY, Pituitary basophilism, review of 42 verified cases, with report of personal case, 644
Obstetrics, Analgesia, anesthesia and newborn infant, 23; Viewpoints relative to abdominal surgery, gynecology, and, ed. 252; Endocrine background of toxemias of late pregnancy, 480; Initiation of respiration in asphyxia neonatorum, clinical and experimental study incorporating fetal blood analyses, 601; Hepatic lesions of newborn, 748
Orthopedics, Some observations on orthopedic surgery in Europe, cor. 717
Osteomyelitis, Acute, of upper end of femur, 753
Ovary, Skin hyperesthesia in acute salpingitis, 321; Epidermoid carcinoma in cystic teratoma of, 340; Peritoneoscopy, 623, 843; Pituitary basophilism, review of 42 verified cases, with report of personal case, 644

PAIN, Low back, and sciatica, its etiology, diagnosis, and treatment, 195

Pancreas, Carcinoma of, 164; Resection of head of, and duodenum for carcinoma—pancreatoduodenectomy, 681
Parotid gland, Cellulitis of neck requiring tracheotomy, 536
Pedicle flap patterns, for hand reconstruction, 523
Penis, Restoration of entire skin of, 362
Peptic ulcer, Subtotal gastric resection for, 489
Peritoneoscopy, 623, 843
Peritoneum, Acute appendicitis with peritonitis, treatment and mortality, 68; Tunnel method for correction of uterine retroversion, 679
Phocomelus, Congenital abnormalities—, and congenital absence of radius, 475
Pituitary gland, Pituitary basophilism, review of 42 verified cases, with report of personal case, 644
Pleura, Hemorrhage into pleural cavity, 485
Pneumonectomy, Packing gauze drainage after, 178
Pneumothorax, Hemorrhage into pleural cavity, 485
Pontocaine, spinal anesthesia in urology, 389
Portal vein, Enterectomy in surgical treatment of hepatic cirrhosis or portal obstruction with ascites, 331
Practitioners, Vision in surgery, ed. 712
Pregnancy, complicating bone tumors, 145; Relaxin in human serum as a test of, 335; Endocrine background of toxemias of late, 480; ectopic, Uterine curettage as aid in diagnosis of, 820
Prostates, Pontocaine spinal anesthesia in urology, 389
Pseudomenstruation, in human female, 30
Pubis, Pregnancy complicating bone tumors, 145
Pulse, Blood volume changes during surgical procedures, 741
Pyelography, Some aspects of malignant tumors of kidney, 433

RADIUM therapy, Carcinoma of breast, 370
Radius, Fractures of both bones of forearm, method of fixation, 90; Congenital abnormalities—phocomelus and congenital absence of, 475
Rectum, Carcinoma of colon, treatment depending on location of lesion, 505, cor. 717; Radical operation for cancer of, with preservation of sphincter muscle, 528; Pathogenesis of anal fissure and implications as to treatment, 672
Relaxin, in human serum as test of pregnancy, 335
Respiration, Blood volume changes during surgical procedures, 741
Roentgenography, training in, Vision in surgery, ed. 712
Roentgen therapy, Carcinoma of breast, 370; in epitheliomas of maxillary sinus, 657

SACRO-ILIAC joint, Low back pain and sciatica, its etiology, diagnosis, and treatment, 195
Sacrum, Chordoma, 40
Scapula, Pregnancy complicating bone tumors, 145
Sciatica, Low back pain and, its etiology, diagnosis, and treatment, 195
Shock, surgical, Blood pressure in skin capillaries and, 453; Neo-synephrin hydrochloride in treatment of hypotension and shock from trauma or hemorrhage, 458
Sigmoid, Elliott treatment as adjunct to operation in sigmoidal diverticulitis, 249
Sign, string in enteritis, Regional enteritis, 1
Silk, Disruption of abdominal wounds, report of 22 cases, 16
Silver wire, Disruption of abdominal wounds, report of 22 cases, 16
Skin, Recurring myxomatous, cutaneous cysts of fingers and toes, 289; hyperesthesia in acute salpingitis, 321; Restoration of entire, of penis, 362; Blood pressure in, capillaries and surgical shock, 453
Skin graft, sieve, Modified, full thickness, for covering large defects, 104
Smith, Nathan, Dartmouth Medical School, 845
Sodium citrate, Experiences of blood transfusion team, 545
Specialists, Vision in surgery, ed. 712
Sphincter ani, Pathogenesis of anal fissure and implications as to treatment, 672
Spine, Low back pain and sciatica, its etiology, diagnosis, and treatment, 195; Additional advantages of Hawley table, 228
Sterility, Pseudomenstruation in human female, 30
Stomach, Gastroscopic observations of postoperative, 447; Subtotal gastric resection for peptic ulcer, 489; Total gastric resection, experimental study, 540; Gastro-intestinal hemorrhage, ed. 551; Peritoneoscopy, 623, 843; Posterior gastrojejunostomy, unusual error in technique, 824
Submaxilla, Dermoid cysts of head and neck, 48
Surgery, technique, Disruption of abdominal wounds, report of 22 cases, 16; plastic, Modified sieve graft, full thickness skin graft for covering large defects, 104; Viewpoints relative to abdominal, gynecology, and obstetrics, ed. 252; complications, Keloids following laparotomy, 376; postoperative complications, Empiricism in medicine, ed. 393; Accidents in renal, 515; technique, Experiences of blood transfusion team, 545; complications, Gastro-intestinal hemorrhage, ed. 551; training in, Vision in surgery, ed. 712; complications, Blood volume changes during surgical procedures, 741; gastric, complications, Posterior gastrojejunostomy, unusual error in technique, 824; stage, Justification for stage surgery in toxic thyroid disease, ed. 841
Suture, New, for tendon and fascia repair, 700

TENDON, New suture for, and fascia repair, 700
Teratoma, Epidermoid carcinoma in cystic, of ovary, 340
Tests, Relaxin, in human serum as, of pregnancy, 335
Therapy, Elliott treatment as adjunct to operation in sigmoidal diverticulitis, 249
Thoracentesis, Trousseau and, 123
Thoracoplasty, within sanatorium, 357
Thorax, Trousseau and thoracentesis, 123; Packing gauze drainage after pneumonectomy, 178; Thoracoplasty within sanatorium, 357; Hemorrhage into pleural cavity, 485
Thrombophlebitis, Treatment of, with acetyl-beta-methyl choline chloride iontophoresis, 100; Effect of, on venous valve, 310
Thyroid, Hemostasis in thyroidectomy, 73; Two stage lobectomy in poor risk patient with thyrotoxicosis, 385; Development of technique of thyroidectomy, presentation of method used in University Hospital, 495; Cellulitis of neck requiring tracheotomy, 536; Pituitary basophilism, review of 42 verified cases, with report of personal case, 644
